MEMORANDUM

SUBJECT: Vertac Off-Site Remedial Investigation Report

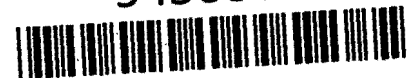

FROM: Larry P. Rexroat (6AW-SE)
Superfund Enforcement SectionTO: Carl Hickam, Public Health Advisor
Centers for Disease Control

As we discussed today I would like to have CDC involved in the review of the subject document.

We would of course like your comments on the entire document, but we especially need your assistance concerning action levels, and any information relating to health or endangerment assessments based on the data presented in this report.

If you need further information, please contact me at X79715.
